## LOCAL CODE OF CORPORATE GOVERNANCE

***Providing Assurance by making sure***

***“The right things are being done in the right way, for the right people in a timely inclusive open honest and accountable way”.***

### Introduction

Our Local Code of Governance has been created to provide assurances to our communities of our obligation to deliver good governance in all that we do. Under the Accounts and Audit Regulations 2015 regulation 6A, all authorities are required to undertake a review of their governance arrangements each year.

Derbyshire Fire & Rescue Authority (the Authority) is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded, properly accounted for, and used economically, efficiently, and effectively. The Authority also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency, and effectiveness.

### Core Principles

The code is divided into seven core principles, these have been adopted from the CIPFA/SOLACE framework document 'Delivering Good Governance in Local Government' (2016).

Each of the core principles (A-H) covers a particular aspect of The Authorities responsibilities for corporate governance. Under each of the principles, the means by which The Authority will meet and demonstrate its commitment is evidenced in more detail in the Local Code of Corporate Governance Framework.

### Defining the Core Principles and Sub Principles of good governance
