

## Appendix One:

### **Our Plan 2023 – 2026 – Year Two Action Plan**

*\*This document is for content only. Format will differ on the Derbyshire Fire and Rescue Service website.*

| <b>Service Priority:<br/>Keeping our communities safe from fire and other emergencies</b>  |   |   |
|--|---|---|
| <b>Priority and action</b>   | <b>Monitoring:</b>  | <b>Success Measure:</b>   |
| Implement Prevention, Protection, Response and Operational Preparedness Strategies   | Through internal performance meetings   | Outcomes within the strategies implemented  |
| Implement the revised Prevention risk stratification index, utilising national risk methodology, which incorporates person centred data sets | Currently measured through Prevention Quarterly meeting linked to evaluation markers.<br>Monitored through CAPS | Evaluation evidence of equality of access by our communities to ensure our resources are targeted to those who need us most |
| Continue to respond to all fire safety complaints within 24 hours  | Performance meeting   | All complaints considered, which provides reassurance to the communities of Derbyshire                                      |
| Undertake exercises and annual site visits to Control of Major Accident Hazards (COMAH) sites to test operational preparedness               | Performance meetings: SSRI visits, exercises and debriefs   | Relevant accurate information available for all COMAH sites   |
| <b>Service Priority:<br/>Having a well-equipped, trained, competent and safe workforce</b>   |   |   |
| <b>Priority and action</b>   | <b>Monitoring:</b>  | <b>Success Measure:</b>   |
| To have a system of decontamination embedded, and that all instances of contamination are appropriately recorded and monitored               | Programme Board   | Provide suitable and appropriate protection for our staff   |

|  |   |   |
|--|---|---|
| Continue with the fire engine replacement programme                                      | Programme Board                                 | Robust, effective, and cost-efficient fleet to support all aspects of emergency response          |
| Introduce new personal protective equipment (PPE) for use at water incidents.            | Fleet, Equipment and Procurement Steering Group | Maintain the safety and effectiveness of our responding crews                                     |
| Implement the workforce strategy and plan  | Workforce Planning Group                        | Full establishment of trained, skilled employees, with appropriate and timely succession planning |
| Continue to develop the leadership programme to enhance management and leadership skills | SLT meetings and performance meetings           | Leadership programme developed and implemented  |

**Service Priority:  
Putting people first to maintain an outstanding culture of equality**

| Priority and action   | Monitoring:              | Success Measure:   |
|---|--------------------------|--|
| Act on identified areas of focus to improve employee engagement and maintain a positive workplace culture | People performance board | Good workplace culture, with motivated engaged employees   |
| Implement the EDI strategy and action plan  | I&E Forum                | Strategy outcomes delivered                                |
| Implement a new pay and grading framework for support employees   | Programme Board          | Project outcomes achieved                                  |
| Continue to review and reshape enabling functions to support the delivery of the CRMP                     | SLT,                     | Enabling functions designed to meet demands and priorities |

**Service Priority:  
Delivering an efficient and effective service that adds value to our communities**

| Priority and action | Monitoring: | Success Measure: |
|---------------------|-------------|------------------|
|---------------------|-------------|------------------|

|   |   |  |
|---|---|--|
| Implement an updated mobilisation solution for Derbyshire Fire & Rescue Service and Nottinghamshire Fire & Rescue Service | RMS project, Programme Board              | Able to mobilise the right resource efficiently and effectively to emergencies       |
| Undertake an emergency fire cover review  | SLT                                       | Review undertaken  |
| Continue with the redevelopment of Matlock and Glossop fire stations  | SLT                                       | Stations redeveloped within project scope  |
| Implement the high-level savings plan and consider further savings to meet current and future funding challenges          | SLT and FRA budget reports                | Meet funding challenges  |
| Implement pensions legislation  | SMT and FRA                               | Meet statutory requirements  |
| <b>Service Priority:<br/>Promoting continuous improvement through effective challenge and embracing learning</b>          |   |  |
| <b>Priority and action</b>  | <b>Monitoring:</b>                        | <b>Success Measure:</b>  |
| Introduce an assurance and evaluation framework for all prevention activities   | Through CAPs system, performance meetings | Prevention activity undertaken as proposed and achieves intended outcomes.           |
| Continue to review fire standards and act on gaps found   | Measured through performance meetings     | Fire standards implemented   |
| Plan and prepare for the 2024 HMICFRS inspection.<br>Act on areas for improvement found following the inspection.         | Measured through SLT meetings.            | Inspection undertaken and action plan to address areas for improvement created.      |
| Act on the recommendations to address outcomes from the Manchester Arena Inquiry  | Operational Assurance Group               | Improve operational preparedness and interoperability with other emergency services. |

|   |   |   |
|---|---|---|
| Continue to develop and implement the Environmental strategy action plan  | Programme Board, SLT  | Enable effective response to climate change |
| <b>Service Priority:<br/>Enabling the organisation through data and digital transformation</b>                                  |   |   |
| <b>Priority and action</b>  | <b>Monitoring:</b>  | <b>Success Measure:</b>                     |
| Develop the HR system to improve training records and processes   | Programme Board<br>FireWatch Steering Group                     | As per project outcomes                     |
| Develop the HR system to manage Availability functionality for Wholetime crews and provide information to the mobilising system | Programme Board<br>FireWatch Steering Group                     |   |
| Further develop the HR system to deliver increased functionality and efficiency   | Programme Board<br>FireWatch Steering Group                     | As per project outcomes                     |
| Implement the Information Communication and Technology strategy   | Programme Board and corporate action plan                       | Strategy outcomes delivered                 |
| Review cyber security measures and undertake exercises to test them   | SLT<br>Performance meetings<br>Internal and External ICT review | Effective cyber security measures in place  |
